DISCHARGED—George Schemp

committed to jail sometime since on a peace

warrant, was discharged yesterday, by

order of Judge Melvin.

ADMITTED TO PRACTICE—E. C. Snodgrass

of Marion County was admitted

yesterday, to practice in the Circuit Court

of this County.

DETAINED.—One or more of the west-

ward bound passenger trains over the

Baltimore & Ohio railroad, arrived behind

time yesterday. The cause of the deten-

tion was not stated.

FINISHED.—The law docket arranged

for the present term of the Circuit Court

was finished, yesterday, and the petit

jurors discharged. The remainder of

the term will be taken up with chancery

business.

COLD.—Yesterday was a genuine spec-

imen of weather usual in this latitude at

least three or four weeks earlier. The

wind was keen and cutting; the dust bill-

owing and stifling; and altogether, the day

was such as no one cares to have dupli-

cated.

MAN KILLED.—A man named John

Wegand was killed near Dale City, on

the Pittsburgh and Connellsville Road

last Saturday, by falling over an embank-

ment at the Keystone mines. It is said

the deceased has three children residing

in this city.

RECOVERED.—Young Wilson who was

so severely hurt by being struck with a

brick thrown by Clark Sweeney, has en-

tirely recovered, and is again at work in

a cooper shop in Centre Wheeling.

Sweeney's brother came down from Pitts-

burgh several days ago and arranged the

matter with Wilson and the officers, and

then took Clark away with him.

FROZEN OVER.—Wheeling Creek was

frozen over solid, Wednesday night, for the

—the third time. Skates which were

hung up sometime ago under the impres-

sion that there would be no further use

for them until next November or Decem-

ber, will, in all probability, be brought

into service again before this evening,

should there be no "let up" between the

present writing and the hour this para-

graph is read by our subscribers.

FOOT HURT.—Wednesday morning,

Philip Duffy a feed boy in the Register

office had one of his feet badly hurt while

getting off the feed barrel. The foot was

caught between the bed and post of the

press he had been "feeding," and three of

his toes were taken off as neatly and more

expeditiously than a surgeon could have

performed the operation. The lad was

removed to his father's residence and his

wounds received proper attention.

RUNAWAY.—A horse attached to an

express wagon started to have a race "all

BOARD OF EDUCATION.

The regular monthly meeting of the Board of Education was held last evening. In the absence of the President, on motion Dr. Todd was called to the chair. The roll being called the following members answered: Messrs. Hinkel, Bowers, Caldwell, Carnahan, Cross, Cochran, Harrison, Maxwell, Otte, Platt, Stewart, Wilson, Wetzel and Zieckler.

The minutes of the last meeting were read and approved.

President Hall appeared and took the chair.

The following was read:

OFFICE OF SUPERVISOR CITY SCHOOLS,
WHEELING, MARCH 21, '72.

To the Board of Education:

GENTLEMEN: Tabular reports of the schools of the district for the month of February have been prepared and placed with your clerk. Your attention is invited to the following synopsis: Number of pupils enrolled 2309; average daily attendance 2309; average daily absence 311; per cent of tardiness, Washington, 370, Madison, 415, Clay, 272, Union, 514, Centre, 488, Webster, 464, Ritchie, 334, colorado, 101—total 3158; pupils perfect in attendance, 572; cases of discipline referred to the Supt., 60; pupils suspended from school, 4; cases of corporal punishment, 57; days of school 21; visits by Supt., 45; commissioners, 43; others 0—total 148; number attending in sub-district in which they do not reside 4; number of non-residents of district in attendance, 6.

Number in the several branches of study—Orthography, 2,613; reading, 2,416; writing, 1,886; mental arithmetic, 1,243; written arithmetic, 1,106; geography, 853; grammar, 299; history, 10; physiology, 85; natural philosophy, 16; chemistry, 36; astronomy, 12; algebra, 70; geometry, 28; United States Constitution, 34; familiar science, 14; German, 311. Amount paid for tuition, \$3,140. Enrollment in the several schools: Union, 432; Ritchie, 336; Washington, 370; Madison, 415; Webster, 341; Centre, 387; Clay, 267; colorado, 43; Ritchie, 334; Union, 514; Centre, 488; Webster, 464; Ritchie, 334; colorado, 101—total 3,158.

The average number of pupils per teacher (exclusive of principals): Ritchie, 57; Clay, 49; Webster, 49; Union, 48; Madison, 43; Centre, 43; Washington, 43. Number of different pupils enrolled since September 1, 1871: Union, 609; Washington, 511; Ritchie, 506; Centre, 445; Webster, 404; Madison, 433; Clay, 364; colorado, 76; total, 3,417.

The Superintendent reports that he is informed that the German School in the Eighth ward will be finally closed at the end of the present month. These pupils will probably, make application to be admitted to the public schools, and there is no room to accommodate them. It will be necessary to rent rooms outside and employ additional teachers, or reject them. He favors the former, and recommends that in the planning of the contemplated new school building, reference be had to the accommodation of at least 730 pupils.

Received and filed.
The Committee on Accounts reported in favor of paying bills amounting to \$241.40. Recommendation adopted.
The Committee on Buildings and Real Estate to which had been referred the subject of a new school house, in Ritchie sub-district, and the application of the Pittsburgh, Wheeling and Kentucky Railroad Company for right of way through school lot in Washington township, reported the following:

Resolved, That it is expedient and necessary to erect a suitable school house in Ritchie sub-district, and to acquire of said building to be 65 by 75 feet, three stories high, and capable of accommodating about 700 scholars.
Resolved, That the Committee on Buildings and Real Estate are hereby authorized to invite plans, specifications and estimates from architects, builders, and others, for a school house of the size and capacity described in the first resolution, and in accordance with such general plan and design that the Committee or the Board may suggest—the Board reserving the right to adopt or reject all plans, specifications and estimates to be submitted for the purpose of the plan which may be adopted by the Board, nor more than—dollars for the one adopted.

Resolved, That the free right of way across the west end of Washington township school lot (No. 12) Jonathan Zane's addition be and is hereby granted to said Pittsburgh, Wheeling & Kentucky Railroad company, upon the following conditions, viz: that if the said railroad company shall make a cut or excavation whereby the present grade of said lot shall be increased, then the said railroad company shall be required to build, maintain and keep in repair a retaining stone wall not less than three feet at the base, and of sufficient height so as to properly protect the lot and improvements thereon; and they shall also build, maintain and keep in repair, a suitable fence on the east line of their track; and if a stone wall be required, a retaining stone wall, then said fence shall be erected thereon with the posts securely built in said wall—said railroad company shall also protect and keep unobstructed the two wells in connection with the water closets of the school house—all of which shall be done by said railroad company, and at their own expense.

Mr. Cross offered as an amendment to the first resolution, "that the Building Committee advertise for proposals to build a school house in the 8th Ward that will accommodate 700 children, to be completed October 1, 1872. Voted down unanimously."

The original resolution was then adopted. The blank in the second resolution was filled with "fifty."
To the third resolution, Capt. Cochran offered the following as an amendment: "Provided that the privilege herein granted shall not extend to the right of way of the right of way to the Wheeling & Ohio Union Railroad Company upon such conditions as the Board may hereafter impose."

The amendment prevailed, and the resolution as amended was adopted.
Capt. Hartz offered the following: "Resolved, That the Committee on Buildings and Real Estate advertise for bids for the erection of an addition to Webster township school house, in accordance with the plan and specifications heretofore submitted to the Board, and report the same at the next meeting. Adopted. Bill of Peoples' Bank amounting to \$607.75, for interest on advances, was presented. Ordered to be paid.

The Clerk was instructed to place certain unpaid school tax bills in Ritchie township in the hands of the City Collector.

The Commissioners of Ritchie sub-district were authorized to rent a room and employ a teacher for the increased number of pupils occasioned by the closing of the German school, provided the school be commenced by the second Monday in April.

The following was adopted: "Resolved, That the Commissioners of the Township be authorized to have the lightning rods on Centre school house repaired."

Resolved, That the Commissioners of the Third Ward be authorized to have railing and balustrade put up at the front entrance of Third Ward school house at \$200.

The following was offered: "Resolved, That Wm. Lynch's son be permitted to attend Centre township school for the remainder of the year. Referred to the Superintendent and the Commissioners of the Township for report."

Resolved, That the Commissioners of Clay sub-district be authorized to put not more than 50 loads of coal cinders in the yard of the school premises of their Ward. Adopted.

Resolved, That the Commissioners of Clay sub-district be authorized to fit up the east room on the first floor of their school house for the use of a part of the pupils of D division. Adopted.

The Commissioners of Clay sub-district were authorized to receive proposals for repairing the gutters and roof of the school house, and award the contract to the lowest bidder.

On motion it was resolved that when the Board adjourn, it be to meet next Thursday evening.
Bill of B. F. Caldwell for small furnace (\$125), was referred to the Committee on Buildings and Real Estate for report.
The resignation of Julius Fuesling, teacher of German in the Eighth Ward School, was received and accepted, to take effect on the 1st of April. Rev. Mr. Mueller was appointed to fill the vacancy.
The petition of parents of pupils residing in the Second Ward, attending school in Washington township, for permission to remain until the end of the present scholastic year, was received and referred to the Board.

Mr. Wetzel made the motion that the petition be laid on the table. Voted down.
The motion to grant the prayer of the petitioners was amended so as to include the pupils now attending schools in sub-district in which they do not reside, to continue during the present scholastic year, and adopted.
The Examining Committee was empowered to employ a competent person to examine the Rev. Mr. Mueller.
Adjourned.

THE LIVINGSTONE EXPLORATIONS.—This famous exhibition representing Dr. Livingston's Travels and Researches in Africa, covering an area of canvass over three miles in length, and the finest series of Tableau Paintings in the world, will open at Washington Hall this evening. They come to us well recommended, and have a world wide reputation. It represents this great and good man's 23 years travels and residence in the interior of Africa, including all of his wonderful adventures. It also illustrates the scenes of that wild and unknown country, its inhabitants, cities, towns, scenery, animals, &c., nearly one hundred magnificent paintings, and the whole explained in a full and instructive lecture.

The paintings are life size, and of dazzling beauty, and were painted by an English Artist of the finest talent, it occupying two years of his labor.
This is a highly moral and instructive entertainment, and every one should avail themselves of this opportunity to see and hear of the wonderful experience of this great explorer.
A Grand Matinee Saturday afternoon at 2 o'clock for the benefit of the ladies and Public Schools.
General admission, 35 cents. Admission to Matinee—Adults 25 cents; children 15 cents.

POLICE COURT.—There was a large crowd at yesterday morning's session of the police court. The report that a man had been arrested for setting fire to Ryan's stable, and would have an examination, no doubt contributed to bring out many who are not often seen in that quarter. The following cases were disposed of: Kate Davis, drunk, dismissed; Charles Sweeney, using indecent language on the street—settled by the defendant paying the costs; George Long, charged with setting on fire a stable, twenty dollars and costs, or thirty days in jail. In default of payment he was committed. The evidence against Long was entirely circumstantial, but his Honor remarked in delivering his opinion, it was strong, and he felt justified in imposing the severest penalty permitted by the ordinance.

When the accused has satisfied the demands of the city against him, he will be brought before Judge Johnston to answer under the State law. A warrant to that effect was issued yesterday.
HENRY BRUES having just returned from New York, is receiving the largest stock of Dry Goods ever opened by any one house in this city, which he intends selling very low.

WORKMEN'S MEETING SATURDAY NIGHT.—A meeting of much importance to the working classes, and to all parties interested in the progress of our country, is to take place at the Court House, on next Saturday night. The speakers on the occasion form a peculiar attraction to our Irish fellow citizens—in fact, to all who honor men who have labored in the cause of liberty. Gen. Thomas Francis Burke's magnificent address from the prisoner's dock in Dublin some years ago, when he was condemned to death, has become as famous as that of Robt. Emmet's Augustine Costello, the hero of The Swiss Hope, which vessel was captured on the west coast of Ireland whilst smuggling arms into that country. We trust that all parties will unite to give them a good reception. We learn from Mr. Nolan, who has the arrangement of this meeting in charge, that it is further possible that O'Donovan Rosa will also be present.

SILKS! SILKS!—I will guarantee to save any purchaser 25 per cent in Silk Goods of any kind. Henry Brues.

COMMITTED FOR FURTHER EXAMINATION.—John Lang was arrested and taken before Judge Johnston, last evening, charged with assaulting, with intent to kill, Alexander Hirth. The assault is alleged to have been committed on the 19th inst. For satisfactory reasons the examination was postponed until 10 o'clock next Monday morning. Lang was committed to jail.

ONE hundred pieces of the handsomest Guipure Laces ever opened in this city, just received by Henry Brues.

Who is He?—A fellow styling himself "Henry W. Graves," was arrested in Cumberland a day or two since after having cleaned out the halls of two or three residences in that city of the surplus hats, caps and overcoats. When arraigned before a justice he gave the name mentioned above, and stated that he "was from Wheeling, W. Va." Don't believe it.

SOMETHING NEW in Photographs by a series of Artificial back grounds has just been introduced which adds very much to the relief and beauty of the photograph. Persons getting one dozen can have a variety of scenes—all different if they wish. Specimens will be on exhibition at the Partridge Gallery in a few days.

Can't Come Down.—The representative of a rival Sewing Machine Company takes us to task concerning the number of machines made and sold by the Singer Company during the last year. His company made a larger number in "a little over a year" in this manner:

"First of February our machines numbered as high as 345,047."
"A little over a year ago sold our first machine, No. 128,447, an increase of 210,500."
The Singer Company sold a machine March 11, 1873, to Mr. C. Schambra, merchant tailor, Centre Wheeling, No. 901-910. They also sold one to Mr. Henry Schambra, merchant tailor, No. 61 Market street, March 7, 1871, No. 501,348—gain 400,372—much more than we claimed, but the basis of the calculation is our rival's.

Said rival claims to be the "original" of all Sewing Machines, consequently the first and oldest. As our "mathematical" calculations are called in question we propose a little calculation for him to solve. "If his company makes one per minute," how long would it take said company to make so many as 345,047, working 10 hours per day and 312 days per year? We make it about one year and ten months!
